Classroom News

It's wonderful to see our students getting used to our daily routine and expectation. As your child's teachers we want your child to have a wonderful Pre-School experience. We believe that all children can and want to learn. As your child's teachers, our goal is to help your child become independent learners. We want to develop and maintain an "I can" and "I will" attitude which will promote success and happiness for your child,

Our classroom is excited to be using the teacher's Strategies Gold curriculum. Our study that we are exploring is "Beginning the Year". Some other fun learning experiences will include a new color, shape, number, and letter. Students will have the opportunity to include something with the color or shape, as part of their outfit. We will also have a "letter of the week". Students may bring a picture or object that begins with that letter. Students will be able to share with their classmates.

As we sit around the table during meal time. We are seeing our students using lots of language as they share their thoughts and ideas.

Our students enjoy their outside time on the playground. Using their gross motor skills.

Parent, please feel free to contact us at anytime if you have any questions, concerns, or compliments. This will let us know what we can do differently and what we can continue doing to help your child with having a wonderful learning experience. Thank you from your child's teachers,

Ms. Cynthia & Ms. Vicky
