From the Desk of your Site Supervisor:

The safety of your children is always the most important aspect. We are super excited to have your children attending daily in the classrooms here at Mid Florida Community Service, Inc. Head Start/Early Head Start. The education of your child is very important and you ensuring your child's attendance to school daily; helps to prove how important it is to you. Here at Head Start/Early Head Start we thrive on the education of your child and feel it is important that these first years of school for your child are stimulating and happy. Please feel free to discuss any concerns you might have so that we may know your child better and work with him/her more effectively. I especially want to assure families that phone calls to the school are always welcomed. You may call at any time to check on your child, especially if he/she had a difficult time separating from you. Just be aware that the teachers are busy interacting with the children and may not answer the phone right off. Please follow the prompts and leave a message, they will get back to you as soon as they can. Thank you again and welcome to the Head Start/Early Head Start Family. I would like to share that September is "Baby Safety" month.

Welcome and Introduction:

Ms. Cassandra welcomed and thanked parents in attendance for coming to the 1st Parent meeting at Deltona Lakes. There were many parents that were able to attend virtually and FA thanked them for their time and willingness to participate. So those in attendance stated that they would like to change meeting time, date and format of meetings. A majority of the parents in attendance stated that they would be open to having the parent meeting between the hours of 2:00 pm and 3:00 pm and in the Zoom Meeting format due to the scheduling of other family obligations. All parents spoke and agreed about meetings. The center meetings will be held virtually on the third Thursday of each month. The FA stated that she would be willing to send notice of agreed meeting day (ie: Thursday) and time (ie: 3:00 pm) to the center parents by email. Due to the shortness of time of the first meeting, the FA explained the process of selecting officers for the center and stated that if anyone is interested in any of the positions--Chairperson, Vice-Chairperson, Secretary, Treasurer, and Policy Council Representative. The Chairperson and the Secretary was selected at this meeting. FA encouraged other parents to please reach out to her by the next parent meeting in order to vote and select the rest of the center representatives. FA stated that she would have a duties list for them to review and encouraged them to become involved in our operation and understanding of Head Start at the center.

FA thanked the parents in attendance for turning in requested health information and other paperwork in a timely fashion and she stated that she will always try to inform them of items that are needed in plenty of time so that their children will not miss out on their time in school. FA stated that she sent out Parent Handbooks by email to those in attendance and encouraged them to read it. Ms. Cassandra gave a brief bio about herself, and invited the staff and parents to introduce themselves. Ms. Lorraine, Ms. Olga and Ms. Pam gave short bios of themselves. Ms. Lorraine also informed parents of upcoming Home Visits that the teachers will be conducting and encouraged them to speak with them about a convenient time to visit. Ms. Pam, Interim Site Supervisor, introduced herself, and stated that she would be available to them if they had any questions. Ms. Olga introduced herself and stated that she was excited about the new school year. Many of the parents that attended also participated in the "Getting to know you" exercise. FA asked parents if they had any questions, comments or concerns about the center, or how their child was doing in class. The parents stated that they had no other questions. Meeting was adjourned at 2:56

Family Engagement Activities

Familiar Faces:

As children develop trusting relationships with important adults in their lives they are more easily able to interact with new people and in new environments. It is important to familiarize your child with the adults that she will encounter regularly, and to help him/her learn to feel comfortable when you and he/she meet unfamiliar adults.

Materials: construction paper; markers; tapes; photographs of adults who work at your child's school, neighbors, or friends; binder.

What to do

1. Tape photos of each person to its own sheet of paper
2. Talk with your child about the people in the photo. Show them the photo of adults
3. Ask your child what each person does. Write their ideas in a sentence or two under the adults picture.
4. When finished bind the book together
5. Read the book regularly with your child to help them become more familiar with the adults he encounters regularly.
6. Explain to your child that the book will be on the bookshelf for her to read whenever they choose
