

### From the Desk of Pamela Fernet, CDS

Can't believe March is already upon us. It seems like the months are flying by much too quickly. February was a flash and I am sure summer will be here in the blink of an eye. We had lots of exciting events that occurred in February and have much more to come in March.

We are delighted with the progress of all our children at this point of the school year. All have totally excelled in all their preschool activities. Our staff feels so fortunate to have such delightful, bright and beautiful children.

We also appreciate all of our parents' efforts in our behalf. Your participation and communication makes our job so much easier. Thank you for taking the time to allow the Teachers to come into your homes for the home visits. It's great to see the children in their natural environments. It helps the teachers learn so much about them.

March presents another fun filled and busy month in our center. We will continue to fill the student's days with a combination of fun activities, educational games and many other events.

**Don't forget Daylight Savings Time starts on March 11, 2018.**

**Set those clocks ahead one hour.**

**Our Transition into Kindergarten will begin this month. Please see your child's teacher to ask what they will be doing and what you can do at home to help your child with this transition.**

It's March which means Spring is right around the corner even though it feels like Summer! Spring cleaning isn't just about deep cleaning and organizing hall closets, it's about decluttering and getting rid of stuff you no longer need. What better way to rid your house of all that excess than by having a yard sale! It's a great way to clean and make a little money at the same time!

Free Health Seminar!! Head Start will be offering a free health Seminar, April 18<sup>th</sup> from 9:00-12:00. The event includes cooking demo's and wellness presentations. Everyone attending receives \$5 market voucher to use at the farmers market. The event will take place at the Volusia County fairgrounds in Deland. Transportation is provided if needed. For more information or to sign-up, please see your family advocate, Ms. Annette.

We had such a terrific month of February as we celebrated Friendship Day and learned all about different shapes and colors that we see all around us. Now, with the days getting longer and springtime is just around the corner, we leap into March with a renewed sense of excitement! Some of our themes for this month will be Shades of Blue and Green and Watch my Garden Grow! Also, if at any time a particular subject interests you, or you have something to share with the class to enrich the children's experience, please contact us.

Thank you!

Hello Parent/Guardian,

In the month of March we are learning about City and Country. The children will learn about the city life and what is in the city. They will also learn about the country life and living in the country. They will have different art activities that will relate to the learning theme. We will also continue working on our letters, numbers up to 20.

Learning Goals:

Writing

Letters sounds

Number Identification

Shapes

Second Step

The children will be learning to identify their own and manage strong feelings.
